

Women's Business Centers – New Mexico

There are currently WBC sites in 47 states and two US territories. All the centers offer financial management, marketing and technical assistance to current and potential women business owners and each center tailors its style and offerings to the particular needs of its community. For instance, some sites target Native American, African-American, Hispanic or Asian-American populations, others address particular issues specific to displaced corporate workers or rural home based entrepreneurs.

The Women's Economic Self-Sufficiency Team (WESST Corp) was incorporated to assist low-income and minority women throughout New Mexico. WESST Corp. is a microlender under SBA's microloan program. Counseling and mentoring are offered through professional volunteers including attorneys, accountants, insurance agents and benefits counselors. For more information contact the New Mexico SBA District Office at (505) 248-8225 or one of the following WESST Corp. Offices.
